1. EU27 and the United Kingdom for 2020; and EU27 for 2021.
2. The statistical data for Israel are supplied by and under the responsibility of the relevant Israeli authorities. The use of such data by the OECD is without prejudice to the status of the Golan Heights, East Jerusalem and Israeli settlements in the West Bank under the terms of international law.
3. The Market Price Differentials (MPD) for the United Kingdom are assumed equal to those of the European Union for the years until 2020, while they are calculated from UK domestic and reference prices from 2021. As a consequence, no decomposition of the Producer Support is presented.
4. Average of % changes in PSE in OECD countries (in national currency) weighted by the shares of national PSEs within the PSE of the OECD of the previous year; not equivalent to the change in OECD PSE expressed in a common currency.
