

Foreword

This publication contains key data series selected from the OECD Main Science and Technology Indicators Database (MSTI) accessible at <https://oe.cd/msti>. This publication consists of standard tables of data series regarding the resources devoted to research and experimental development (R&D) as well as some indicators of R&D output, and the impact of scientific and technological activities. Also presented are the underlying economic series used to calculate these indicators. It is complemented by a description of the general methodology used as well as national specifications available at www.oecd.org/sti/inno/MSTI_documentation_e.pdf.
