

# Foreword

This Survey is published on the responsibility of the Economic and Development Review Committee of the OECD, which is charged with the examination of the economic situation of member countries.

The economic situation and policies of Canada were reviewed by the Committee on 17 January 2023. The draft report was then revised in the light of the discussions and given final approval as the agreed report of the whole Committee on 8 February 2023.

The Secretariat's draft report was prepared for the Committee by Philip Hemmings and Ben Conigrave, under the supervision of Isabelle Joumard. Statistical research assistance was provided by Béatrice Guérard and editorial assistance by Michelle Ortiz and Heloise Wickramanayake.

The previous Survey of Canada was issued in March 2021.
