

# Foreword

This Survey is published on the responsibility of the Economic and Development Review Committee of the OECD, which is charged with the examination of the economic situation of member countries.

The economic situation and policies of Switzerland were reviewed by the Committee on 28 September 2021. The draft report was then revised in the light of the discussions and given final approval as the agreed report of the whole Committee on 5 November 2021.

The Secretariat's draft report was prepared for the Committee by Urban Sila, Véronique Salins, with contributions from Alexander Hijzen and Andrea Salvatori and under the supervision of Mame Fatou Diagne. Statistical research assistance was provided by Corinne Chanteloup and editorial assistance by Emily Derry.

The previous Survey of Switzerland was issued in November 2019.
