

Foreword

This Survey is published on the responsibility of the Economic and Development Review Committee of the OECD, which is charged with the examination of the economic situation of member countries.

The economic situation and policies of Latvia were reviewed by the Committee on 13 December 2021. The draft report was then revised in light of the discussion and given final approval as the agreed report of the whole Committee on 11 February 2022.

The Secretariat's draft report was prepared for the Committee by Peter Jarrett and Zeev Krill, with inputs from CTP, EDU, DAF and ELS, under the supervision of Mame Fatou Diagne. Research assistance was provided by Corinne Chanteloup, and editorial support by Alexandra Guerrero and Gemma Martinez.

The previous Survey of Latvia was issued in May 2019.

Information about the latest as well as previous Surveys and more details about how Surveys are prepared is available at www.oecd.org/eco/surveys.
