

Foreword

This *Survey* is published on the responsibility of the Economic and Development Review Committee of the OECD, which is charged with the examination of the economic situation of member countries.

The economic situation and policies of Iceland were reviewed by the Committee on 22 May 2023. The draft report was then revised in light of the discussions and given final approval as the agreed report of the whole Committee on 9 December 2022.

The Secretariat's draft report was prepared for the Committee by Hansjoerg Bloechliger, Vassiliki Koutsogeorgopoulou and Natia Mosiashvili, under the supervision of Vincent Koen. Editorial support was provided by Jean-Rémi Bertrand and Michelle Ortiz.

The previous *Survey* of Iceland was issued in July 2021.
