

Foreword

This Survey is published on the responsibility of the Economic and Development Review Committee of the OECD, which is charged with the examination of the economic situation of member countries.

The economic situation and policies of Greece were reviewed by the Committee on 18 July 2022. The draft report was then revised in the light of the discussions and given final approval as the agreed report of the whole Committee on 16 December 2022.

The Secretariat's draft report was prepared for the Committee by Tim Bulman and Timo Leidecker, under the supervision of Isabelle Joumard. Statistical research assistance was provided by Béatrice Guérard and editorial assistance by Michelle Ortiz, Heloise Wickramanayake and Jean-Rémi Bertrand.

The previous Survey of Greece was issued in July 2020.
