Overall findings

Bermuda's legal framework implementing the AEOI Standard is in place and is consistent with the requirements of the AEOI Terms of Reference. This includes Bermuda's domestic legislative framework requiring Reporting Financial Institutions to conduct the due diligence and reporting procedures (CR1) and its international legal framework to exchange the information with all of Bermuda's Interested Appropriate Partners (CR2).

The methodology used for the peer reviews and that therefore underpins this report is outlined in Chapter 2.

Conclusions on the legal framework

General context

Bermuda commenced exchanges under the AEOI Standard in 2017.

In order to provide for Reporting Financial Institutions to collect and report the information to be exchanged, Bermuda:

- amended its International Cooperation (Tax Information Exchange Agreements) Act 2005;
- introduced International Cooperation (Tax Information Exchange Agreements) Common Reporting Standard Regulations in 2017; and
- introduced further guidance, which is not legally binding.

Under this framework Reporting Financial Institutions were required to commence the due diligence procedures in relation to New Accounts from 1 January 2016. With respect to Preexisting Accounts, Reporting Financial Institutions were required to complete the due diligence procedures on High Value Individual Accounts by 31 December 2016 and on Lower Value Individual Accounts and Entity Accounts by 31 December 2017.

Following the initial Global Forum peer review, Bermuda made various amendments to its legislative framework to address issues identified, the last of which was effective from 18 August 2017.

With respect to the exchange of information under the AEOI Standard, Bermuda:

- has the Convention on Mutual Administrative Assistance in Tax Matters in place¹ and activated the associated CRS Multilateral Competent Authority Agreement in time for exchanges in 2017; and
- put in place three bilateral agreements.²
