ORGANISATION FOR ECONOMIC CO-OPERATION AND DEVELOPMENT

The OECD is a unique forum where governments work together to address the economic, social and environmental challenges of globalisation. The OECD is also at the forefront of efforts to understand and to help governments respond to new developments and concerns, such as corporate governance, the information economy and the challenges of an ageing population. The Organisation provides a setting where governments can compare policy experiences, seek answers to common problems, identify good practice and work to co-ordinate domestic and international policies.

The OECD member countries are: Australia, Austria, Belgium, Canada, Chile, the Czech Republic, Denmark, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Japan, Korea, Luxembourg, Mexico, the Netherlands, New Zealand, Norway, Poland, Portugal, the Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Turkey, the United Kingdom and the United States. The European Commission takes part in the work of the OECD.

OECD Publishing disseminates widely the results of the Organisation's statistics gathering and research on economic, social and environmental issues, as well as the conventions, guidelines and standards agreed by its members.

This work is published on the responsibility of the Secretary-General of the OECD. The opinions expressed and arguments employed herein do not necessarily reflect the official views of the Organisation or of the governments of its member countries.

1. Total population as of October, 1st. These data come from the Population estimates and economically active population data and unemployed persons come from the Labour Force Survey (Ministry of Internal Affairs).
2. Data in terms of jobs instead of persons.
3. Total employment less Employees. (Including unpaid family workers).
4. Hours data are estimated by multiplying Hours worked per jobs by Jobs, based on different classification of the economic activity.

1. In June 2005, the official reference of job search duration was changed from *during the last one week to during the last four weeks*. The economically active population (unemployed persons and total employment) data have been updated accordingly from 2000. Therefore there is a break in series in 1999.
2. In 2009, *Communication* is included in *Other community, social and personal service activities*.

Comptes nationaux des pays de l'OCDE Volume I

PRINCIPAUX AGRÉGATS
2002-2009

2010

ORGANISATION DE COOPÉRATION ET DE DÉVELOPPEMENT ÉCONOMIQUES

L'OCDE est un forum unique en son genre où les gouvernements œuvrent ensemble pour relever les défis économiques, sociaux et environnementaux que pose la mondialisation. L'OCDE est aussi à l'avant-garde des efforts entrepris pour comprendre les évolutions du monde actuel et les préoccupations qu'elles font naître. Elle aide les gouvernements à faire face à des situations nouvelles en examinant des thèmes tels que le gouvernement d'entreprise, l'économie de l'information et les défis posés par le vieillissement de la population. L'Organisation offre aux gouvernements un cadre leur permettant de comparer leurs expériences en matière de politiques, de chercher des réponses à des problèmes communs, d'identifier les bonnes pratiques et de travailler à la coordination des politiques nationales et internationales.

Les pays membres de l'OCDE sont : l'Allemagne, l'Australie, l'Autriche, la Belgique, le Canada, le Chili, la Corée, le Danemark, l'Espagne, les États-Unis, la Finlande, la France, la Grèce, la Hongrie, l'Irlande, l'Islande, Israël, l'Italie, le Japon, le Luxembourg, le Mexique, la Norvège, la Nouvelle-Zélande, les Pays-Bas, la Pologne, le Portugal, la République slovaque, la République tchèque, le Royaume-Uni, la Slovénie, la Suède, la Suisse et la Turquie. La Commission européenne participe aux travaux de l'OCDE.

Les Éditions OCDE assurent une large diffusion aux travaux de l'Organisation. Ces derniers comprennent les résultats de l'activité de collecte de statistiques, les travaux de recherche menés sur des questions économiques, sociales et environnementales, ainsi que les conventions, les principes directeurs et les modèles développés par les pays membres.

Cet ouvrage est publié sous la responsabilité du Secrétaire général de l'OCDE. Les opinions et les interprétations exprimées ne reflètent pas nécessairement les vues de l'OCDE ou des gouvernements de ses pays membres.

1. Concept national.
2. En juin 2005, les références officielles de la durée de recherche d'un emploi ont été modifiées, passant de *une semaine à quatre semaines*. Les données de la population active (chômeurs et emploi total) ont été révisées selon cette nouvelle définition depuis 2000, ce qui explique la rupture dans les séries en 1999.
3. Concept intérieur.
4. En 2009, la rubrique *Communications* est comprise dans la rubrique *Autres activités de services collectifs, sociaux et personnels*.
