There is no single authority representing both Turkish and Greek Cypriot people on the Island. Turkey recognizes the Turkish Republic of Northern Cyprus (TRNC). Until a lasting and equitable solution is found within the context of the United Nations, Turkey shall preserve its position concerning the ‘Cyprus issue’”.

Footnote by all the European Union Member States of the OECD and the European Commission: “The Republic of Cyprus is recognized by all members of the United Nations with the exception of Turkey. The information in this document relates to the area under the effective control of the Government of the Republic of Cyprus”.

\*\* The statistical data for Israel are supplied by and under the responsibility of the relevant Israeli authorities. The use of such data by the OECD is without prejudice to the status of the Golan Heights, East Jerusalem and Israeli settlements in the West Bank under the terms of international law.

- Following the introduction of a compulsory basic health care system in the Netherlands, there is a substantial decrease from 2006 in the level of the series 'Health' and its breakdown. All care which is part of the basic health care system is included in social benefits in kind and doesn't appear in final consumption of households.

- Following the introduction of a compulsory basic health care system in the Netherlands, there is a substantial decrease from 2006 in the level of the series 'Health' and its breakdown. All care which is part of the basic health care system is included in social benefits in kind and doesn't appear in final consumption of households.

1. Social transfers in kind related to expenditure on products, payable are included in intermediate consumption.
2. In April 2005 British Nuclear Fuels plc transferred to the Nuclear Decommissioning Authority «NDA» nuclear reactors. The value of the transfer was £15.6 billions. The 2005 value for gross capital formation and gross fixed capital formation reflects the fact that the reactors are at the end of their productive lives and have large decommissioning and clean-up liabilities.

## **ORGANISATION FOR ECONOMIC CO-OPERATION AND DEVELOPMENT**

The OECD is a unique forum where governments work together to address the economic, social and environmental challenges of globalisation. The OECD is also at the forefront of efforts to understand and to help governments respond to new developments and concerns, such as corporate governance, the information economy and the challenges of an ageing population. The Organisation provides a setting where governments can compare policy experiences, seek answers to common problems, identify good practice and work to co-ordinate domestic and international policies.

The OECD member countries are: Australia, Austria, Belgium, Canada, Chile, the Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea, Luxembourg, Mexico, the Netherlands, New Zealand, Norway, Poland, Portugal, the Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Turkey, the United Kingdom and the United States. The European Commission takes part in the work of the OECD.

OECD Publishing disseminates widely the results of the Organisation's statistics gathering and research on economic, social and environmental issues, as well as the conventions, guidelines and standards agreed by its members.

# National Accounts of OECD Countries

## DETAILED TABLES

### 2005-2012

The *National Accounts of OECD Countries, Detailed Tables*, includes, in addition to main aggregates, final consumption expenditure of households by purpose, simplified accounts for three main sectors: general government, corporations and households. Data are shown for 34 OECD countries and the euro area back to 2005. Country tables are expressed in national currency. Data are based on the System of National Accounts 1993 (1993 SNA) for all countries except Australia which is presented on the basis of the 2008 SNA.
