ORGANISATION FOR ECONOMIC CO-OPERATION AND DEVELOPMENT

The OECD is a unique forum where governments work together to address the economic, social and environmental challenges of globalisation. The OECD is also at the forefront of efforts to understand and to help governments respond to new developments and concerns, such as corporate governance, the information economy and the challenges of an ageing population. The Organisation provides a setting where governments can compare policy experiences, seek answers to common problems, identify good practice and work to co-ordinate domestic and international policies.

The OECD member countries are: Australia, Austria, Belgium, Canada, Chile, the Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea, Latvia, Lithuania, Luxembourg, Mexico, the Netherlands, New Zealand, Norway, Poland, Portugal, the Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Turkey, the United Kingdom and the United States. The European Union takes part in the work of the OECD.

OECD Publishing disseminates widely the results of the Organisation's statistics gathering and research on economic, social and environmental issues, as well as the conventions, guidelines and standards agreed by its members.

AVAILABLE ON LINE

OECD Quarterly International Trade Statistics

This reliable and up-to-date source of OECD quarterly balance of payments and international merchandise trade statistics provides a detailed insight into the most recent trends in trading patterns for OECD countries with the rest of the world. Balance of payments data are presented adjusted for seasonal variations. International trade data are broken down by country. The series shown cover data for the last ten quarters and two years available. This quarterly publication is divided into three parts: I. Balance of payments and international trade, II. International merchandise trade by country and III. International trade by enterprise characteristics (annual data). The third part is a special topic which changes with each publication.
