

## Reader's guide

### Conventions

- Data shown for OECD and OECD EU are simple averages of countries displayed in each figure for the two areas.
- Each figure specifies the period covered. The mention XXXX or latest available year (where XXXX is a year or a period) means that data for later years are not taken into account.
- Data for accession countries and key partners are presented in white instead of blue or in grey darker than for OECD member countries.

### For all figures, ISO codes for countries are used

|     |                |     |                |         |                     |
