Tax revenues by subsectors of general government

Chapter 6 provides information on tax revenues by subsectors of general government for each OECD country.

6.1. Country tables 1975, 1985, 1995, 2005 and 2018

This chapter presents detailed country information on tax revenues by level of government. The data have been attributed to the sub-sectors of general government identified in section A.12 of the Interpretative Guide (see Annex A) and the attribution criteria used are those set out in that guide.

Table 6.1. Australia, tax revenues by sub-sectors of government

Million AUD

Note: Including taxes collected on behalf of the European Union.

1. From 1985, social security contributions are classified using the SNA definition of Social security Funds which means that a proportion of these payments are shown under the heading of Central Government. Prior to that year, all such payments were classified under the heading of Social Security.
